By signing this form, you [the author(s) or other copyright owner] agree to grant to us (the International Union of Crystallography) the exclusive right both to reproduce and/or distribute your article (including the abstract) throughout the world in printed, electronic or any other medium, and in turn to authorise others (including Reproduction Rights Organisations such as the Copyright Licensing Agency and the Copyright Clearance Center) to do the same. You agree that we may publish your article in Acta Crystallographica, Journal of Applied Crystallography or Journal of Synchrotron Radiation, and that we may sell or distribute it within the journal, on its own, or with other related material.

You certify that your contribution is your original work, has not been published before (in any language or medium) and is not being considered for publication elsewhere; that you have obtained permission for and acknowledged the source of any excerpts from other copyright works; that to the best of your knowledge your paper contains no statements which are libellous, unlawful or in any way actionable; and, in the case of a multi-authored contribution, that you have obtained copyright assignment from all Co-authors and authorisation to enter this agreement on their behalf.

When the article is accepted, we undertake to publish it as soon as we reasonably can. If it is rejected, this agreement is automatically cancelled and all the rights come back to you. We will do everything we reasonably can to maximise the visibility of the journal, and of your article within it.

Copyright remains yours, and we will acknowledge this in the copyright line which appears on your article. However, you authorise us to act on your behalf to defend your copyright if anyone should infringe it, and to retain half of any damages awarded, after deducting our costs. You also retain the right to use your own article, provided you acknowledge the published original in standard bibliographic citation form. You are free to use your article for the internal educational or other purposes of your own institution or company; mounted on your own or your institution’s website; posted to free public servers of preprints and/or articles in your subject area; or, in whole or in part, as the basis for your own further publications or spoken presentations.
